15 April 1955

MEMORANDUM FOR: Deputy Director (Support)

SUBJECT : Control Over Funds and T/O of Audit Personnel

REFERENCE : Memorandum to DD/A fr CH/Management Staff dtd
 25 Oct '54, subject: T/O, Office of the Auditor-
 in-Chief

1. In the above report the Management Staff recommended that all audit personnel on duty overseas be included in the T/O of the Audit Staff and that funds for pay and travel of all audit personnel be included in the budget of the Audit Staff.

2. Present audit program provides that during this current year there will be an increased strength of one auditor in the FE; the establishment of a three-man audit unit at [REDACTED] for NE and SE; for a reduction of the [REDACTED] office by at least one auditor; and the establishment of an office in [REDACTED] for two initially and eventually three auditors. It is contemplated that all these changes will be made without an increase in the total personnel strength [REDACTED] now authorized to perform the duties assigned the Audit Staff throughout the world.

3. To accomplish the above changes under the present procedures will require action by the Management Staff and Personnel Office changing the T/O's at headquarters and at all the overseas audit offices; whereas the matter could be simply accomplished if all audit personnel and funds for their travel and pay were placed directly under the Chief, Audit Staff.

4. The above does not contemplate the transfer of personnel to any overseas area without first coordinating with the interested area division at headquarters in order to assure that administrative support including quarters for any audit personnel assigned to a particular overseas command can be furnished.

5. It is recommended that all audit personnel and funds for their pay, allowances, and travel be assigned as a responsibility of the Chief, Audit Staff. It is further recommended that action be initiated immediately to make these adjustments which could then be made effective on 1 July 1955 with a minimum of confusion.
